# HOOD & BODY PARTS

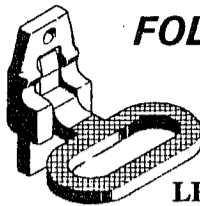

## WINTER FRONTS

Winter Fronts block the rush of cold air to your engine so that warm-ups are quicker.

You save time, fuel, and promote longer engine life. Heaters get hotter.....faster!

Winter Fronts can be worn "OPEN", or "CLOSED". They are secured in position with long lasting snap fasteners.

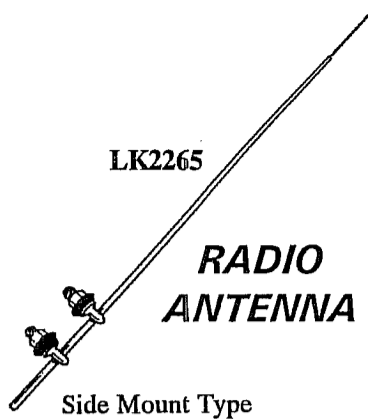

Make & Model	Part No.
Chevrolet 1969-83	LK6852
Chevrolet Tilt 1984-91	LK6856
