

CHEV / GMC DIESEL

NOTE:

Some items may require cutting to size.

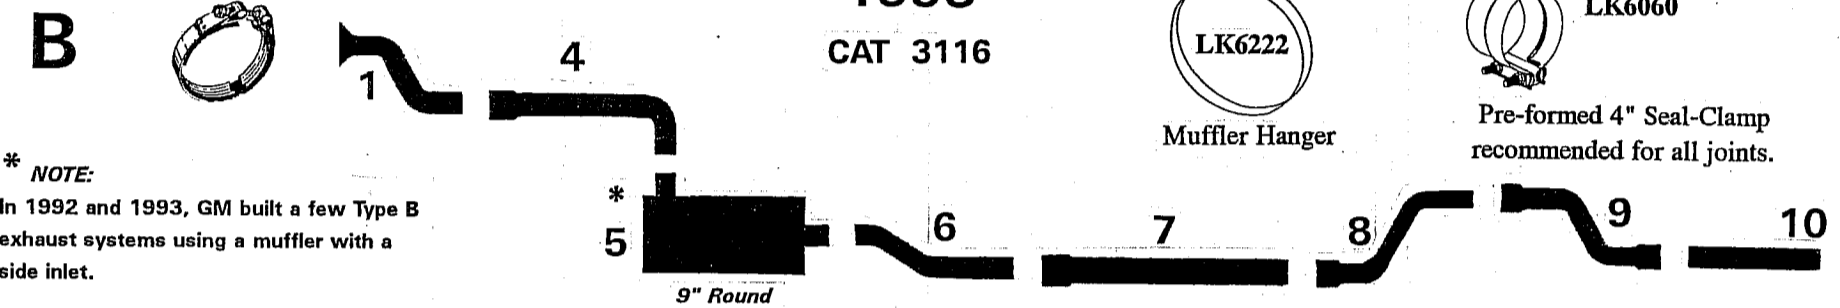

TYPE A LK7679

*** NOTE:**
GM built (2) versions of the Type "A" exhaust system for the CAT 3116 engine.
Early versions use the "non-catalytic" type muffler....and later versions use the newer "catalytic" type muffler.

LK6060
Pre-formed 4" Seal-Clamp recommended for all joints.

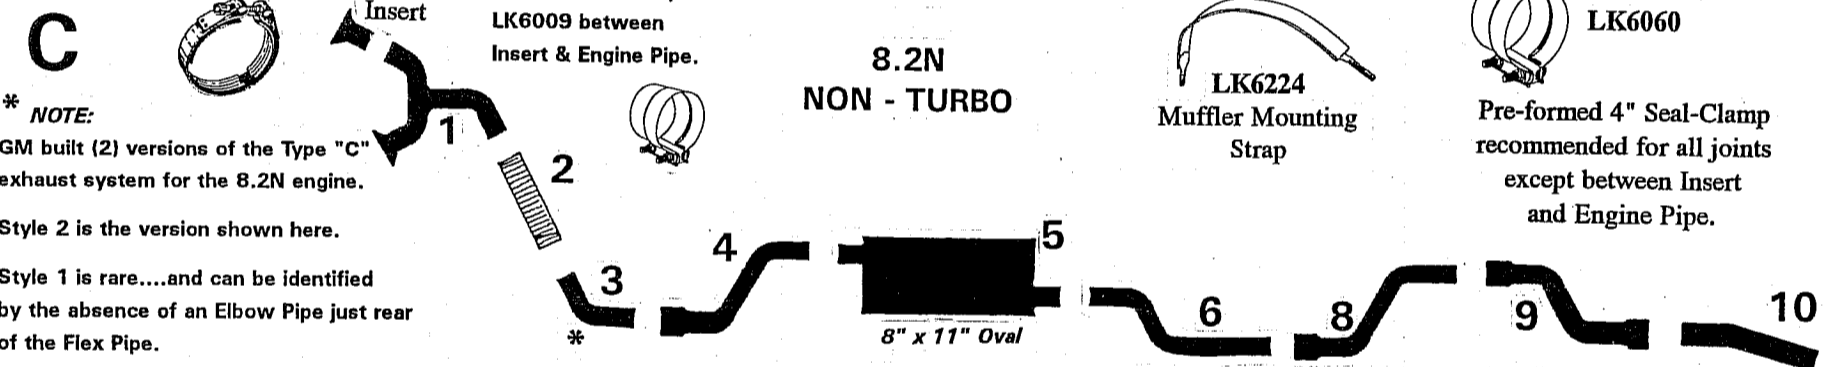

TYPE B LK7679

*** NOTE:**
In 1992 and 1993, GM built a few Type B exhaust systems using a muffler with a side inlet.

LK6060
Pre-formed 4" Seal-Clamp recommended for all joints.

TYPE C LK6058 LK6072 Insert

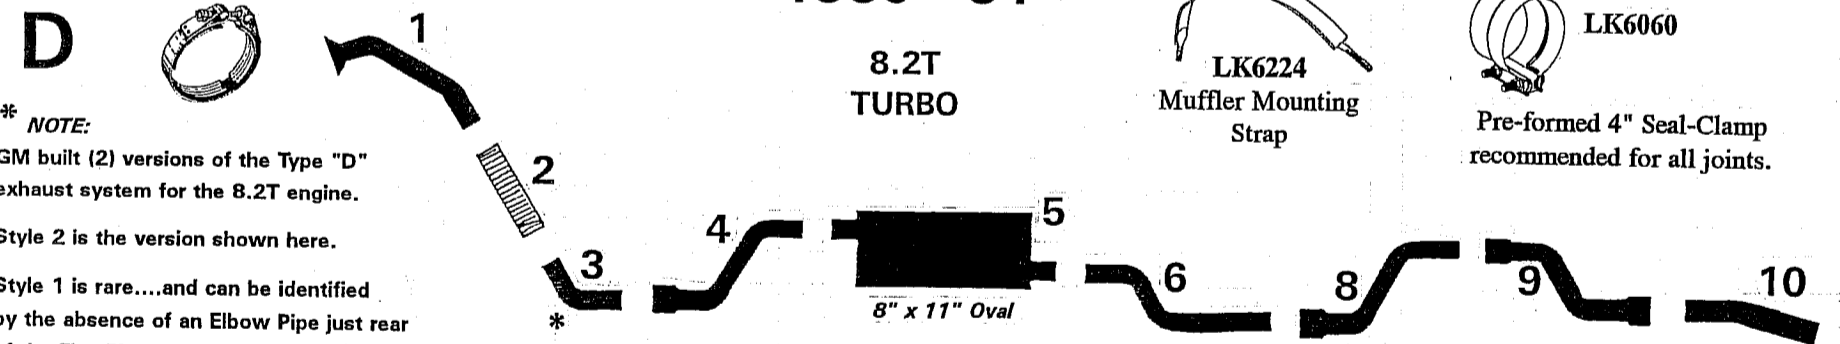

Note:
Use 3" Seal Clamp LK6009 between Insert & Engine Pipe.

*** NOTE:**
GM built (2) versions of the Type "C" exhaust system for the 8.2N engine.
Style 2 is the version shown here.
Style 1 is rare....and can be identified by the absence of an Elbow Pipe just rear of the Flex Pipe.
